

AIR 1 serves me and my family by providing quality, uplifting, wholesome music to me, my husband and our 3 teenage sons, as well as to their friends in the community. They LOVE the music that AIR 1 plays. This is VITAL alternative to the destructive message in so many other forms of entertainment. If AIR 1 were to be displaced by and LPFM broadcaster, one of the few sources of a positive voice would be gone. This music encourages my children to strive to be good, to love God and they have value in God's eyes. To me, that is priceless. Isn't this the kind of resident that you would prefer living in your neighborhood? *smile* God Bless You!
